

Jira Timeline:

Tasks are assigned to team members via Jira. Each member must mark the task as complete to inform others when it's done.

Evidence of using integration tool (GitHub):

The screenshot displays the GitHub web interface for a repository named 'COS20031'. The selected directory is 'ProgressReport / TrungNguyenD2CSQL'. On the left, a file explorer shows the directory structure, including a 'master' branch and a list of SQL files. The main area shows a commit history table for the selected directory, with columns for 'Name', 'Last commit message', and 'Last commit date'. The table lists 17 files, all with a commit message of 'DONE' and a commit time of '42 minutes ago'.
